Nearly **44,000** rural patients come to Metro Denver hospitals each year, and **HCA HealthONE** cares for **25%** of them. Services include trauma, burn, pulmonary, neuroscience, general and high-risk obstetrics, neonatal intensive care and solid organ transplant.

How HCA HealthONE Reaches Rural Communities

HCA HealthONE programs bring specialist care to rural communities beyond metro Denver.

RURAL OUTREACH	TELEMEDICINE	CARE COLLABORATION
32 rural communities served 90 monthly clinics	61 partner sites 6,856 consults in 2025	51 rural partner sites 10+ service categories
HCA HealthONE physicians fly to 21 rural communities across our six-state region on 27 monthly flights, delivering 90 specialist clinics per month across 21 specialties, including Cardiology, Neurology, Oncology, Maternal Fetal Medicine and Orthopedics. An additional 11 communities are served through ground outreach, extending the program to 32 total rural communities regionally.	Founded in 2006, HCA HealthONE’s telemedicine program spans 15 service lines, from Stroke/Emergent Neuro and Psychiatry to Neonatal ICU, Maternal Fetal Medicine, and Pediatric Intensive Care. Over 80% of patients seen via telehealth stay in their home community. In 2025, HCA HealthONE provided \$650,000 in subsidized technology and care implementation to 40 qualifying rural partner sites.	HCA HealthONE’s Care Collaboration Agreements give rural hospitals access to a deep bench of metropolitan support: ◆ 24/7 Physician Consultations ◆ Clinical Training & Staff Education ◆ Emergency & Disaster Preparedness ◆ Specialty Medical Clinics ◆ Physician Recruitment Services ◆ Pediatric, Orthopedic, Neuroscience, and Trauma Services ◆ Service Line Integration ◆ Accreditation & Certification Support ◆ Operating Room Preparedness & Safety Guidelines ◆ Executive Consulting

A Partner to Local Hospitals

HCA HealthONE partners with rural critical access hospitals, supporting community-based care teams and stepping in when complex cases require specialty resources only available at larger hospitals. This model keeps care local when possible and coordinates seamless access to care in Metro Denver when appropriate.

Across 51 Care Collaboration partners, 61 telemedicine sites, and 32 outreach communities, HCA HealthONE’s footprint extends across Colorado and into Wyoming, Montana, South Dakota, Nebraska, Kansas, and New Mexico.
